

RESEARCH EXPERIENCE FOR UNDERGRADUATES (REU)

IN

POLLUTION PREVENTION

SUMMER 2003

(May 31 – July 25)

Rowan University – College of Engineering Civil, Environmental, Chemical, Electrical, and Computer Engineering

(for more information go to <http://engineering.eng.rowan.edu/~everett/reu/ReuFrst.htm>)

Want an exciting opportunity to work in an important pollution prevention research area? Interested in Civil/Environmental/Chemical/Electrical/Computer Engineering? Or not sure what you want to do, but looking for a good (paid) summer experience that could help you get a job or into graduate school?

A select group of 9 undergraduates will work for 8 weeks this summer with Rowan University (RU) professors developing and evaluating pollution prevention strategies. We are primarily seeking students in Civil, Environmental, Chemical, Electrical, and Computer Engineering, but will also consider any science major.

Rowan University, located in beautiful South Jersey, is near peach orchards and fields of blueberries, but only 30 min. from Philadelphia and 2 hrs from New York City. The Jersey Shore is an hour away. The College of Engineering was started in 1996 with a \$100 Million donation from Henry Rowan. The Engineering facilities are state-of-the art with faculty from the best institutions in the world. Come to Rowan and see what engineering in the 21st Century is all about!

Interested students should send an application to

Kauser Jahan

Rowan University, Rowan Hall

201 Mullica Hill Rd.

Glassboro, NJ 08028

(856) 256-5323, FAX (856) 256-5242, jahan@rowan.edu

SPONSORED BY THE NATIONAL SCIENCE FOUNDATION

- * Applicants must be *U.S. citizens or permanent residents* enrolled in a B.S. engineering or science program to be completed not earlier than the Fall 2001 term. **Participants will receive two months stipend (\$1,000 per month) plus room, board, and travel expenses. Women and minority candidates are particularly encouraged to apply.**
- * Applicants are expected to participate in writing technical papers for publication, conference presentations, and presentation at their home school after returning from the summer institute.
- * Applications should be postmarked **March 14, 2003**. The application and reference forms can be obtained from the RU-REU website: <http://engineering.eng.rowan.edu/~everett/reu/ReuFrst.htm>. Acceptances will be announced by mid April.
