

# TRACKING OPIOID CONSUMPTION IN THE CITY OF CAMDEN USING WASTEWATER EPIDEMIOLOGY

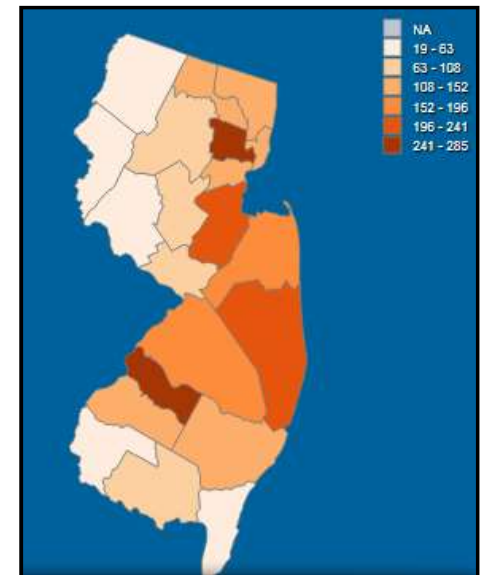

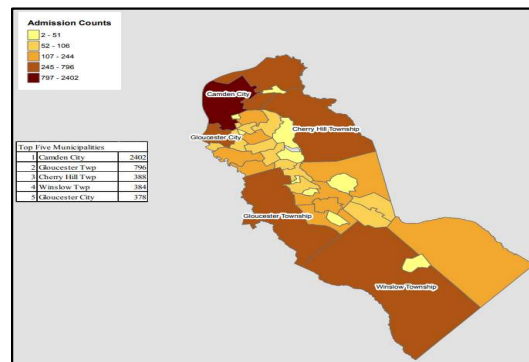

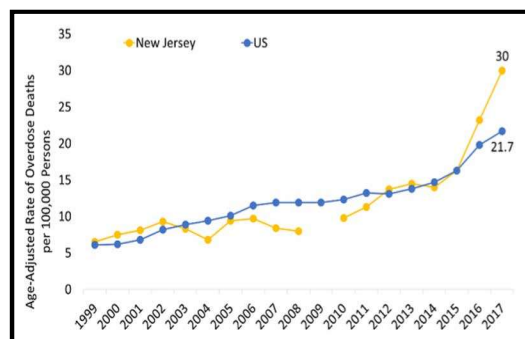

Instructors: Drs. Sarah Bauer & Amos Mugweru\*

\*Professor of Chemistry & Biochemistry at Rowan University

Graduate Research Assistant: Karim Absar Chowdhury

In this engineering clinic, students will use a combination of experimental laboratory methods and GIS to determine the location, type and quantity of illegal drugs entering the City of Camden and use modeling tools to provide real-time consumption patterns that can aid in the development of more robust intervention programs.

*\*Physical Presence Required*

RAW WASTEWATER → AN EARLY WARNING SIGN OF DRUGS ENTERING A COMMUNITY
