CAMBRIDGE Mingle with other students as you explore this historic, old-English university town that is located approximately 50 miles north-northeast of London. Cambridge, best known as home to the prestigious University of Cambridge, has inspired well known figures such as Darwin, Newton, AA Milne, Wordsworth, John Cleese, Graham Chapman, Eric Idle and Stephen Hawking. While visiting, you will enjoy picturesque walks and the opportunity to see first-hand England's green building design.

- Academic visits to include transportation, entry fees and guides.
