System Description: Fakespace SSVR™

**Fakespace SSVR™ Immersive Display System**

Fakespace SSVR™ including:
- Project Management
- Design & Engineering to tailor the visualization system design to fit within the Rowan University Facility
- Fakespace SSVR™ integrated structural system
- Single Folded optics
- Fakespace Seamless Corners™
- Quantity 4 Active Stereo Beacon Projectors

**Stereographics Emitters and Eyewear**

- Qty (3) Stereographics Long-Range Emitters
- Qty (10) CrystalEyes Wireless Stereoscopic Glasses

**InterSense IS900 VWT Wireless Tracking System**

- Extended sonic array, two (2) hybrid wireless receivers
- expandable to 6 tracked sensors
- Wireless wand and head tracking sensors
- Tracked volume of 10' x 10' x 10'
- Cabling and wiring for tracking installation and integration
- Installation and Integration

**Computer System**

Computer system including:
- QTY 4 PC's:
  - Each PC to be configured as:
    - HP xw9300 Workstation
    - Dual AMD OpteronR 250/2.4GHz 1GHz HT
    - QTY 1 NVIDIA Quadro FX4500 512MB PCI-E
    - NVIDIA Quadro G-Sync
    - Intel 10GbE CX4 Server Adapter
    - 4GB (4x1GB) DDR-400 ECC reg for Dual Processor
    - 250GB SATA 3Gb/s 7200 (1st)
    - 16X DVD-ROM
    - Integrated AC—97/16-bit stereo full-duplex
    - No floppy disk drive kit
    - HP xw9300 Country Localization Kit - US
    - 3/3/3 (parts/labor/next business day on-site) limited warranty from HP
- VRCO Viz Cluster Setup and Installation
  - Unboxing and power up testing
  - Racking of systems
  - Cabling of systems
  - RHEL 4.0 OS Installation and Configuration
  - Full System staging at Fakespace
  - Tear down for shipping to customer site
  - Setup at customer site
  - On-site trouble shooting, testing, and confirmation
  - On-site system administration course

**Estimated Education Discount:** $(56,700)

**Estimated Grand Total:** $429,878
Taxes, Import Duties, Tariffs, VAT, etc. Not included, Bill at Cost if applicable

Shipping, Travel & Expenses Included

Invoicing

50/30/20 - 50% upon receipt of purchase order, 30% upon shipment of materials and 20% upon completion of installation. Payment terms are net 30. A 1% surcharge will be added on balances older than 30 days. Any changes in the agreement price as a result of any Change Orders will also be billed at this time.

Time to Deliver 12 - 16 Weeks ARO

Changes in the Scope of the Work

Costs resulting from changes in the scope of this project or additional requirements applied to Fakespace by the Customer will be added to or subtracted from the system price, depending on the changes. Once Fakespace is aware of a change, we will submit a Change Order for review and approval by the Customer before continuing with the project.

Insurance and Liability

All shipments to destinations in the United States shall be F.O.B. shipping point to customer's shipping address and delivery to destinations outside of the United States shall be EX WORKS Fakespace's place of shipment. Delivery will be deemed complete and risk of loss or damage to the Products will pass to customer upon delivery to the carrier. Customer will pay all costs of transportation, any insurance requested by customer, export and import fees, customs brokerage expenses and similar charges. Customer, at its expense, will make and negotiate any claims against carrier, insurer, customs broker, freight forwarder, or customs collector. All Products shall be deemed accepted by Customer upon shipment.

Note: This quote is valid for (90) days.

Warranties and Service Agreements

Standard Product Warranty

Fakespace warrants that for a period of one year from the date of delivery, the products will operate substantially in accordance with specifications published by the manufacturers of equipment utilized as part of the total solution (provided upon request). During the first 90 days of the one year warranty, Fakespace will provide customer on-site repair for products too large to ship back to Fakespace for repair.

Projector lamps, batteries, bulbs and media are warranted for a maximum of 90 days.

At the end of the 90-day on-site warranty period, customers must return products to Fakespace for depot repair during the remaining nine months of the first year warranty. For products too large to ship, customers may purchase an Extended On-Site Warranty or have repair work performed on a Time and Materials basis. The warranty for the software does not include software updates or upgrades made available during the warranty period. These can be obtained through the purchase of an annual software maintenance agreement or by individual purchase when required.

All warranty coverage is void if failure of the product(s) is due to an unauthorized modification, misuse, lack of normal maintenance or use in combination with equipment, devices or software not specified in Fakespace’s published specifications. Any item (hardware or software) that is repaired or replaced during the warranty period will be warranted for the remainder of the original product warranty period. Fakespace should be promptly notified of any suspected defects in hardware, hardware operation, or software.

EXCEPT AS SET FORTH ABOVE, FAKESPACE HEREBY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, REGARDING THE PRODUCTS, INCLUDING, WITHOUT LIMITATION, THE WARRANTIES OR MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Extended On-Site Warranty (EW)

Extended On-Site Warranties may be purchased from Fakespace and cover replacement or repair of the product(s) at the customer site. The First Year Extended On-Site Warranty covers the period from the expiration of the 90-Day Warranty to one year from the date of product purchase. Purchasing a second or third year Extended On-Site Warranty covers the second and third years following product completion and acceptance.

Projector lamps, batteries, bulbs and media are warranted for a maximum of 90 days.
Extended On-Site Warranties cover the repair of failed products only. Extended Warranties do not include preventative maintenance support. Preventative maintenance support can be purchased separately. Please call for quote as these are based on the specific system purchased.

Extended On-Site Warranty Agreements include priority repair service scheduling and up to four repair service trips per year. Repair service trips in excess of the four standard trips per year will be charged at the then-current customer service hourly rate; additional travel, per diem, and other applicable costs will also apply.

Extended Warranties purchased on a stand-alone basis are based on a percentage of the product List Price as follows:

<table>
<thead>
<tr>
<th>EW Years Purchased Stand Alone</th>
<th>Year 2 EW Purchased Stand Alone</th>
<th>Year 3 EW Purchased Stand Alone</th>
<th>Year 4 EW Purchased Stand Alone</th>
<th>Year 5 EW Purchased Stand Alone</th>
</tr>
</thead>
<tbody>
<tr>
<td>% of List Price</td>
<td>7.5 %</td>
<td>10 %</td>
<td>14%</td>
<td>15%</td>
</tr>
</tbody>
</table>

Combining the purchase of Extended Warranties for multiple years can save money relative to the purchase of individual agreements. These reduced prices are available only on warranties that are purchased at the initial time of sale.

<table>
<thead>
<tr>
<th>EW Years</th>
<th>% of List Price</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 &amp; 2</td>
<td>14%</td>

<tr>
<td>1 - 3</td>
<td>24%</td>
</tr>
<tr>
<td>1 - 4</td>
<td>35%</td>
</tr>
<tr>
<td>1 - 5</td>
<td>50%</td>
</tr>
</tbody>
</table>

If an EW is not purchased and on-site repairs are required subsequent to the expiration of the applicable warranty period, service, repair parts, and labor may be purchased on a time and materials basis. Travel and shipping costs are additional. Buyer will be subject to first available service date. These terms apply to service trips in excess of the four repair trips allowed per year also. A separate purchase order is required for out-of-warranty service.
