

ORAL PRESENTATION GUIDELINES

Each team will present on an assigned country. All members of the team must help in preparing slides for the presentation and present.

The presentation duration for each team is 13 minutes with 2 minutes for questions. Typically a 13 minute oral presentation will require 15-20 slides excluding title slide.

Your presentation must include the following:

Title slide with team member names

Introduce your country

- Indicate the geographical location
- History of the country(French colony, ruled by the British etc)
- Population, demographics, language, major holidays, food
- Weather, precipitation, water bodies, etc
- Current government, GDP, economical issues, industry
- Energy sources
- Social issues: education, gender, ethnic/religious issues

Discuss how algae will grow the future of your country

- Does country have resources to provide for algae culture?
- How will the economy benefit from the algae industry?
- How will this impact social and cultural issues?
- What are the pros and cons?

Tips for presentation evaluation

Presentation Component	Ask yourself...	Grade (20 points max, each)
Oral Communication	Did they clearly explain their objectives? Could you hear them? Did they speak at a good rate?	
Visual Communication	Did the visuals help you to better understand the design? Were words and equations legible?	
Professionalism	Did they present in a professional manner? How did they respond to questions?	
Technical Content	Does the team have an adequate knowledge of their assigned research topic?	
Overall	Was the presentation well organized? Did they introduce and summarize?
